

Retail Ready Online

THE ONLINE RETAIL GATEWAY THAT DELIVERS VALUED PEOPLE SKILLS FOR WORK AND LIFE

When retail work placements aren't possible, Retail Ready Online is the solution.

If your students can't get to or access a workplace, or simply aren't work-ready, this option helps them gain valued people skills that will help them get ahead in work and be there for life.

Retail suits many people with its wide range of exciting career and on-job learning opportunities. Helping customers, creating product displays, marketing, running a store, or management at head office are just a few – and that's before you even consider the growing online and distribution options the industry offers.

Retail Ready Online is a Gateway programme that gives students a chance to get valuable skills and knowledge in retail and can help make the move from school into a career.

How it works

Students will gain NCEA credits that can also be used towards a nationally recognised New Zealand Certificate in Retail. Even though it's fully online, they'll be supported all the way and gain important knowledge in line with industry standards including: problem solving; product knowledge; cash handling and payment processing; legislation for sale of goods and services; dealing with theft and fraud; and workplace diversity.

Successful completion of Retail Ready Online will see your student gain 22 credits at Level 2, plus the industry recognised Customer Service Award.

Benefits for students

- ▶ Gain credits towards NCEA and a nationally recognised Award.
- ▶ Get real industry knowledge that's useful in everyday life too.
- ▶ Learn online wherever and whenever suits best, and at your own pace.
- ▶ Online video and learning material that make assessment tasks applicable in real life.
- ▶ Unit standards achieved can be applied to a full workplace New Zealand Certificate.

School 2 Career

Programme details

The learning material for the programme, including supporting video, and assessments are fully online and are assessed by ServiceIQ, with your school reporting the credits achieved.

It costs \$500 +GST per student and results in a Retail Ready Online Award, made up of 22 credits covering the essentials in customer service identified by the industry as required for the retail workplace. Included is access to the online learning and assessment platform, assessment by ServiceIQ and support from a ServiceIQ Schools Transition Advisor as required.

Note: Workplace option available

Students can complete Retail Ready Online in conjunction with a work placement. However, ServiceIQ cannot help with this – it would need to be arranged by the school, and it cannot be with an employer who partners with us to offer one of our Readymade Gateway options. These are listed on our website at ServiceIQ.org.nz
